Gentlemen;

I am endeavoring to secure some information regarding the family of Efford Cobb Collier. Efford Cobb Collier removed from Upson County Georgia in 1857 and is said to have settled in Cass County Texas. At that time there were several other citizens of Upson County that removed to Texas, one was Roswell Powell and the other James McCoy. There were also a lot of Staffords that left here about that time or a little later, have you any of these people in your community?

I understand that only a few years ago the widow of James McCoy, who was named Mrs. Fannie McCoy, was still living in your town, if she is yet living will you kindly hand her this letter and ask her to reply to same or if there are any of the Colliers in and around your town that belong to the family of Efford Cobb Collier will you kindly have them reply to this letter in order that I may arrange to secure information regarding this family?

Efford Cobb Collier was a brother to Robert Marshall Collier and son of Robert Collier of Upson County Georgia. I am a great grandson of Robert Collier and grandson of Robert Marshall. I herewith enclose stamped envelope for reply.

Atlanta

Very respectfully,

J.C.Collier.

JCC:C

My Dear Mr Collier. I am a son of Roswell Powell who moved from Upson Co Ga in 1857 with the above mentioned parties except the Staffords who I know nothing of. The Colliers went to Cass Co Texas Some years after the Civil War. I visited a brother living at Russell Co Connecticut for a few weeks ago & he told me that he was one of the Collier descendants living there but I did not meet him & you could write him and learn you can get direct information. His name is Mr Lew Lee Powell. I have met two children who are living at Atlanta Ga Ga. Very Respt W.C. Powell
